- There will be one breakout room for Solar Energy session, while the Energy Storage session will be the main page of the zoom Conference. Due to the time difference consideration of the participants, the Solar Energy session will start earlier than the Energy Storage session (please refer the Program of INESS).
- After the welcoming speech (please see the Program), all participants will be assigned to the breakout room “SOLAR ENERGY SESSION” by an operator. When receive such invitation in Zoom, please press “join” button to move to the Solar Energy session zoom room. Later, when you wish you can come back to the main room/room.
- Alternatively, the Participants and Guests of the Energy Storage session can press “later” and remain in the same main page of zoom. This step gives an access to the Solar Energy Session, if some of the participants want to listen to the talks in Solar Energy Session.

- Participants can leave that section by clicking the "leave" then "leave breakout room" button and return to the main section

- Participants can write in the chat or “raise hands” for any questions or difficulties. Our moderators will help you.
